

TAFE 7515 CAB

Classic lines with modern technology

TAFE 7515 CAB combines power and performance with its 74 hp, 3-cylinder EU Stage V engine, delivering robust output while adhering to strict emission standards. Its 12F+12R synchromesh gearbox ensures precise speed control, making it suitable for a variety of applications. With a substantial 2400 kg lift capacity, it handles heavy loads with ease, while the dual-speed PTO optimizes power transfer, enhancing efficiency and productivity.

Designed for operator comfort, the TAFE 7515 CAB includes a climate-controlled cabin for all-weather convenience. Its high-resolution TFT instrument cluster provides realtime vital data, ensuring seamless monitoring. Long hours of operation are made comfortable with an air-suspension seat and an adjustable steering column, offering ergonomic support and ease of use.
